

Logbook Summary Sheet

General Certification

Categories	2004	2005	TOTAL
Grief/Loss			
Presentation of options/decision making			
Termination of pregnancy			
Provision and explanation of tests, their risks and results			
Patterns of inheritance			
Description of a phenotype			
Family functions			
Ethical, legal, confidentiality and management issues.			
SUBTOTAL	50	50	100

The Board requests that applicants submit a summary sheet, example as outlined above, with each logbook submission. We believe that providing this summary will assist reviewers and counsellors in tracking your progress. For each submission cases should be distributed fairly evenly across all categories (50 cases for fulltime training & part time pro-rata). Please refer to the HGSA Training Guidelines for Logbook proforma (pages 30-33).

Cancer Certification

Categories	Jan 2004	July 2004	TOTAL
Grief/Loss			
Presentation of options/decision making			
Pregnancy related issues			
Provision and explanation of tests results			
Family functions			
Genetics of cancer disorders			
Ethical, legal, confidentiality and management issues.			
SUBTOTAL	25	25	50

The Board requests that applicants submit a summary sheet, example as outlined above, with each logbook submission. We believe that providing this summary will assist reviewers and counsellors in tracking your progress. For each submission cases should be distributed fairly evenly across all categories (25 cases for fulltime training & part time pro-rata). Please refer to the HGSA Training Guidelines for Logbook proforma (pages 30-33).
